

BACK TO WORK SCHEME:

Please make sure you inform us when you secure full or part time employment, so that your benefits are not ceased immediately, you may be given the transitional period you need without losing your housing benefit. You must submit employment details together with pay slips. This information will ensure that Housing Benefit is continued during the transitional period and that you are not putting your accommodation at risk.

MOVING ON:

Are you ready to move on and into your own private rental accommodation? Ask about the Safe Haven Sussex move on scheme. You may be eligible for an interest free loan provided by Safe Haven Sussex; we will also pay the £250.00 administration fee for you.

COVID-19:

Covid-19: it has been difficult but with the support of our staff and residents we have been able to implement measures to ensure as much as possible that everyone was kept safe. Thank you to all our residents for being patient and understanding.

SAFE HAVEN IN BLOOM:

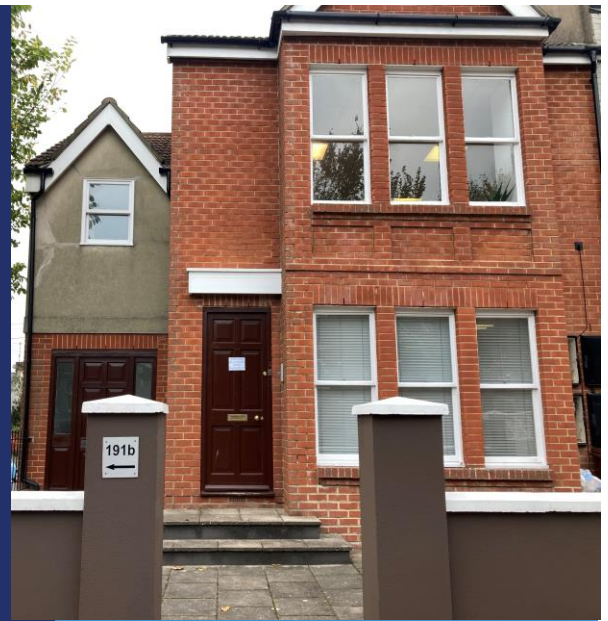

Well done to those of you that have joined in with Safe Haven in Bloom! We have seen photos and heard great things from the team about how much effort some of you have put into your gardens.

We are holding a workshop in our new office on Friday 12th November at 2pm, where we will be handing out prizes for winners. So do ensure you take photos of your plants and gardens, if you do not have a smartphone/camera then you can ask a member of the team to take the photos for you.

We've Moved!

We are pleased to announce that we have a new office!

We are now located at 191 Freshfield Road Brighton BN2 9YE. You will all be invited along shortly to see our new space and we will be setting a timetable of regular activities and workshops for you to attend.

SUCCESS STORY:

Congratulations to N for his progression over the last two years!

"I came to Safe Haven two years ago. I have achieved all my goals. While also experiencing community and fellowship. I Graduated from Master's with a Merit, then went on to study further within Health & Social Care and became a youth president of All Sorts (which proved an invaluable outlet of productivity during lockdown). I have since attended the MET on the prince's trust team program (thanks to the suggestion of my keyworker) and gained a role at Grace Eyre. Since then, I have been promoted to Inclusion and projects director where I will be co working with Grace Eyre's deputy CEO, while completing my level three counselling class."

If you would like your story featured in our next bulletin, please let your Support Coordinator know!
